Klaus advises domestic and international clients on assignments related to environmental law. He is regularly involved in a wide range of energy and natural resources projects. Wind power development, solar PV, hydrogen projects, and mining are particular focal areas of Klaus's expertise, and he has in-depth regulatory know-how and practical experience in these fields. Klaus has also had an active role in numerous infrastructure-related projects ranging from waterways to harbours and road networks. Klaus is a member of Hannes Snellman's cross-border Infrastructure & Energy team, which is a multi-disciplinary group of experienced lawyers whose expertise cuts across capital markets, construction, environment, litigation, PPP, project finance, restructuring and tax, and which has an outstanding track record. He is also active in Hannes Snellman's ESG Group.
